Lamai Nature Camp

Every living thing great and small is an invitation to return to who we are. On the plains of the Serengeti, an agama is as important as an African lion. They contribute equally to create the magic of this ecosystem.

At Sisini Lamai, we live by this. Our guide's storytelling is as important as our house-keeper's gentle touch. We believe that the small things make up the big experience - one that stays with you long after you've left.

That's the magic of returning to who we are.
